2. During 1946 and 1947 about 100,000 tons of paper products, principally Kraft and newsprint, produced in South Sakhalin were sold to China, India, Israel and USSR. A small shipment of newsprint was sold to Venezuela which was of such poor quality that it could be used only with great difficulty. I have no details of these sales nor have I heard of any being made recently. There are no current offerings that I know of.
